**SAHITH REDDY MADARA**

is officially

**National Point of Contact for UAE**

On behalf of the Executive Council of the Space Generation Advisory Council in Support of the United Nations Programme on Space Applications (SGAC). His term will last for two years, until July 2021. During that time, he is appointed to act as representative of SGAC in UAE.

SGAC is a non-governmental organisation, which aims to represent students and young space professionals to the United Nations, space agencies industry and academia. SGAC has permanent observer status in the UN Committee on the Peaceful Uses of Outer Space (COPUOS). SGAC has a long history and was conceived at the Third United Nations Conference on the Exploration and Peaceful Uses of Space (UNISPACE-III) in Vienna in 1999. The SGAC Executive Council is made up of representatives from each of the six UN regions, and has a larger body of representatives from nation states. Our focus is on pragmatic space policy advice to policy makers based on the interests of students and young professionals, broadly in the age range 18-35, interested in space from around the world.

On behalf of the Executive Council of the SGAC, I ask you to support him in these efforts.

Sincerely,

Matteo Emanuelli

Chair
